

Potential Skills Analysis ©2012 Laura Brown

Put a dollar sign (\$) next to any skill you know well enough that you could teach that skill to others. If you are willing to put in 8 hrs. week using these skills, you have the untapped potential to create an extra **\$800 a month increase per skill**. You do the math. Multiply \$800 by the number of skills you have. Ex. if you checked off five skill, it would be $\$800 \times 5 = \$4,000$ a month of income generated.
